SKILLS

Technical

Skilled at diagnosing and managing hardware & software issues such as hardware upgrades, screen replacements, OS installs etc...

Web Design

Equally comfortable working with CMS systems such as Wordpress or Joomla, or writing HTML from the ground up to create modern responsive websites.

Graphic Design

I have a solid understanding of both Photoshop & Illustrator and have been involved in the design of numerous leaflets, brochures, graphics and logos for numerous clients.

Photography

I have an excellent knowledge of camera and lighting set-ups and have worked with Asterisk Multimedia on both studio and indoor architecture shoots.
